Leland

Squads walk into AKO with working agents to demo.

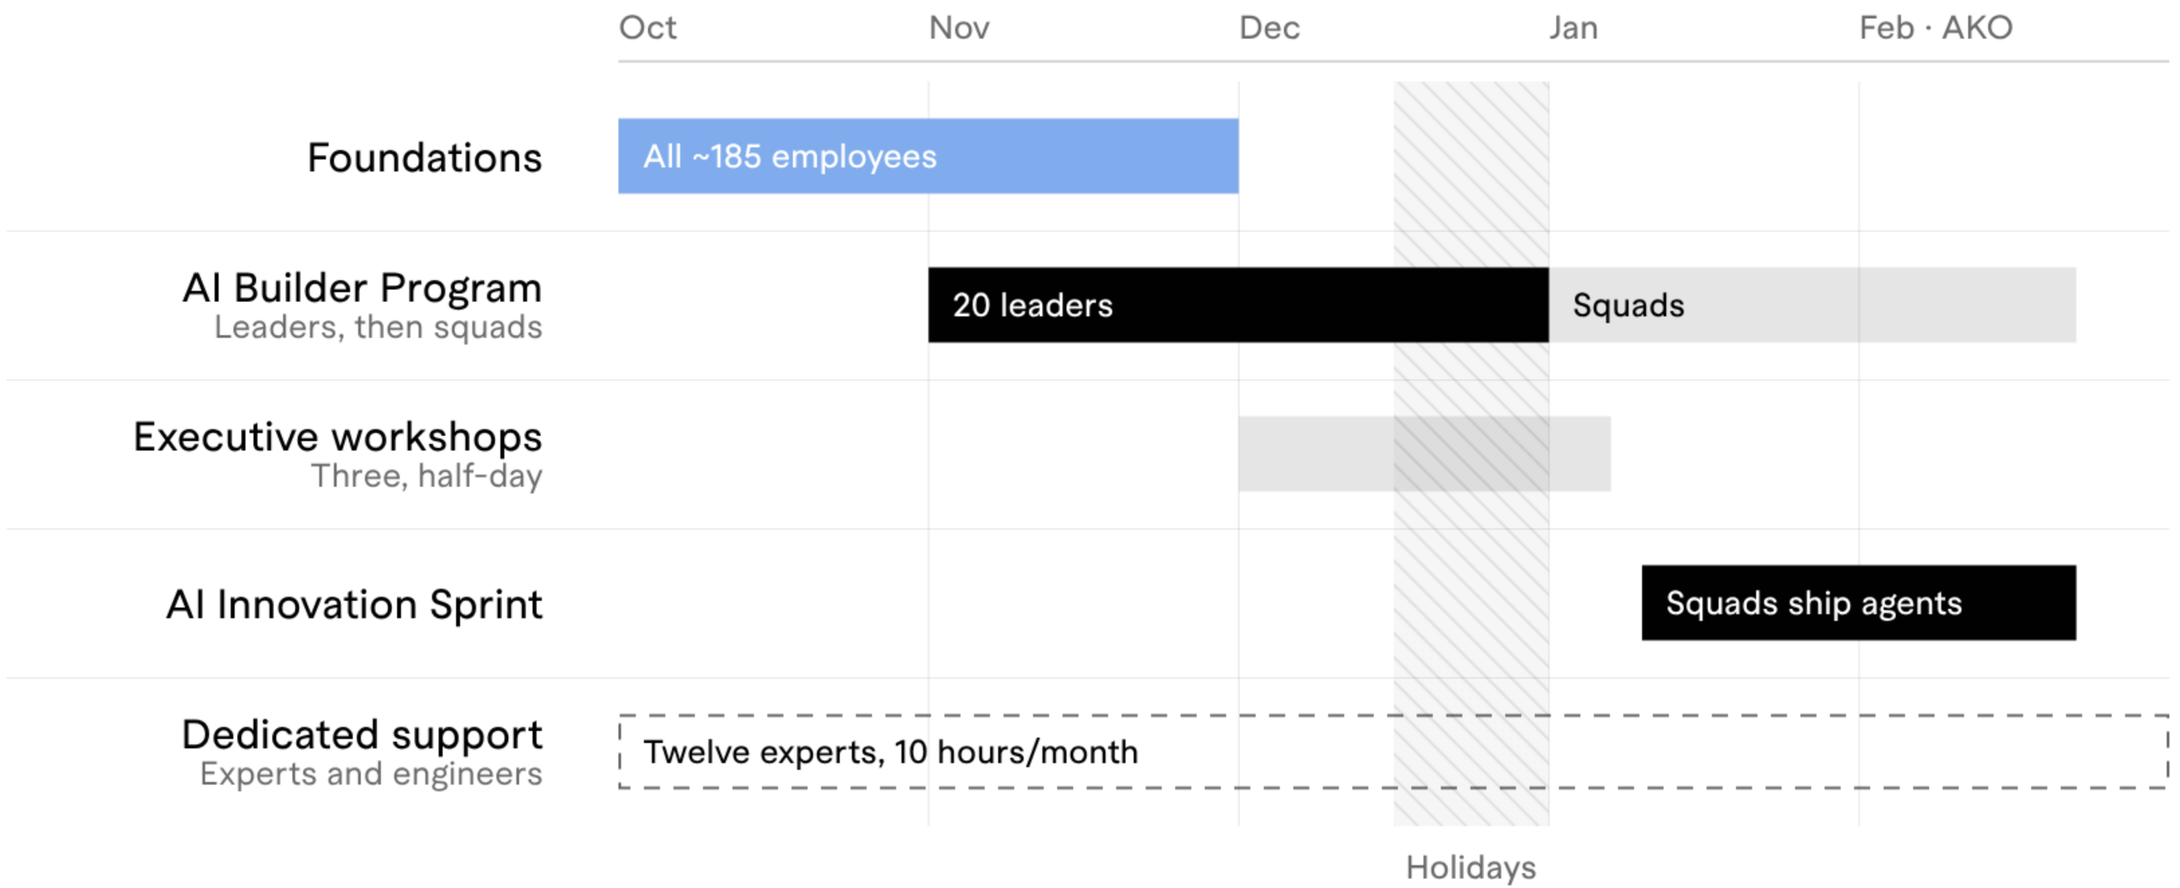

Three executive workshops, built on your context.

The AI Innovation Sprint, ahead of AKO.

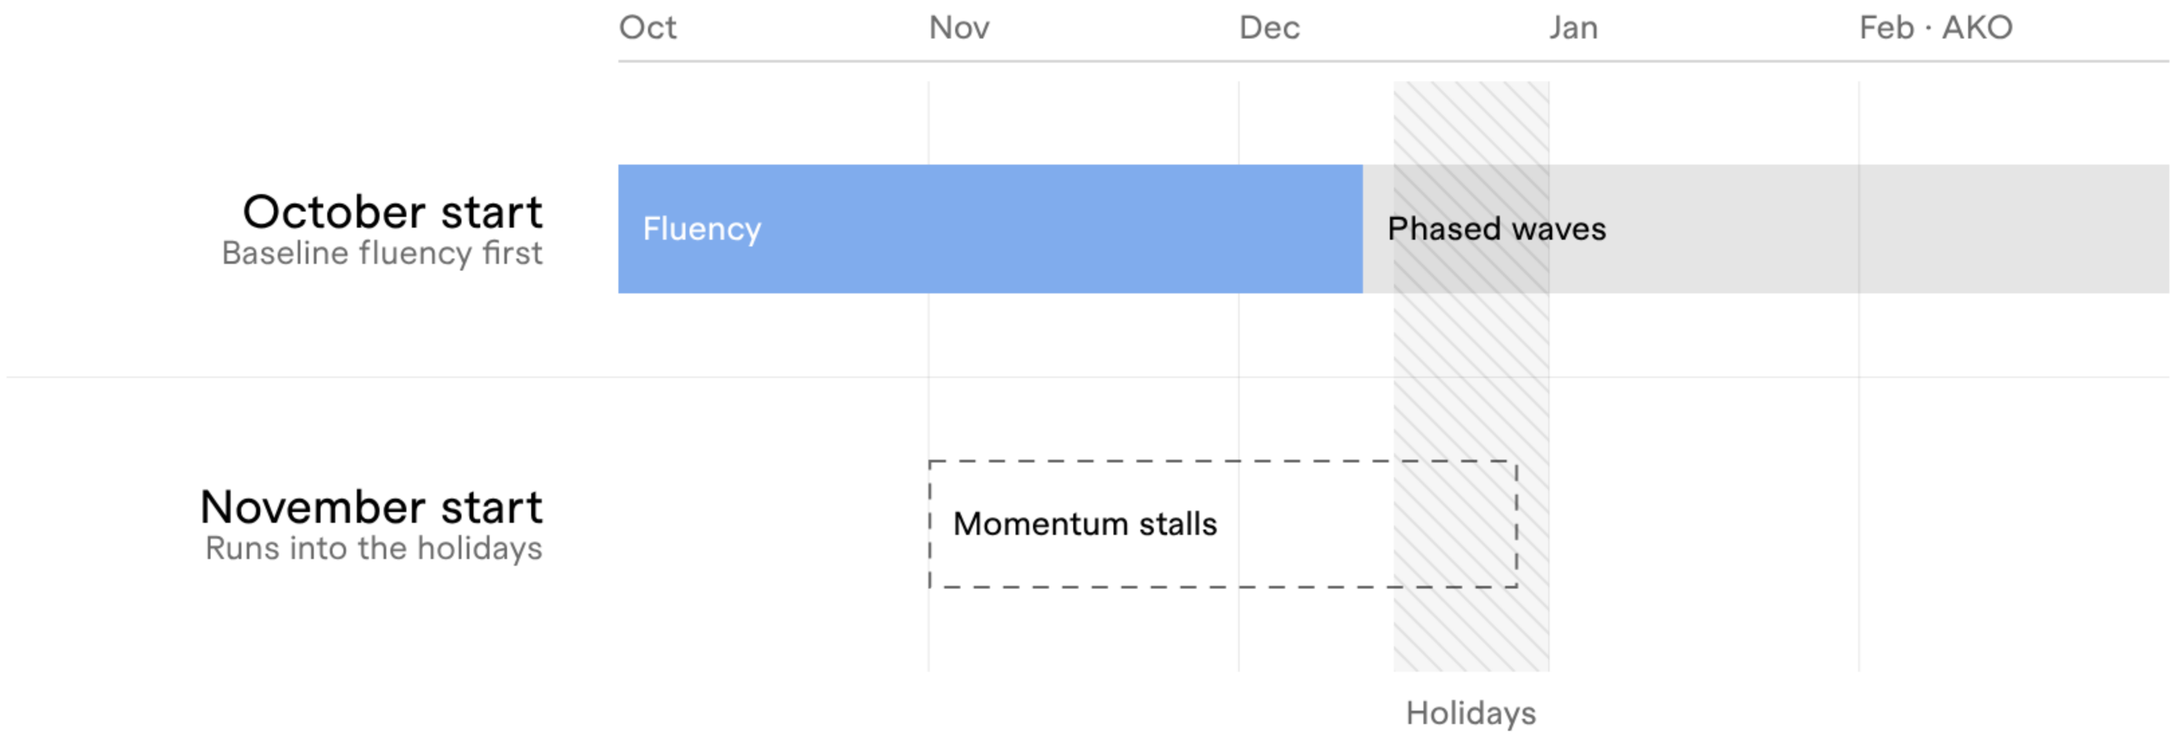

Leland

An 18-month roadmap: October 1, 2026 to March 31, 2028.

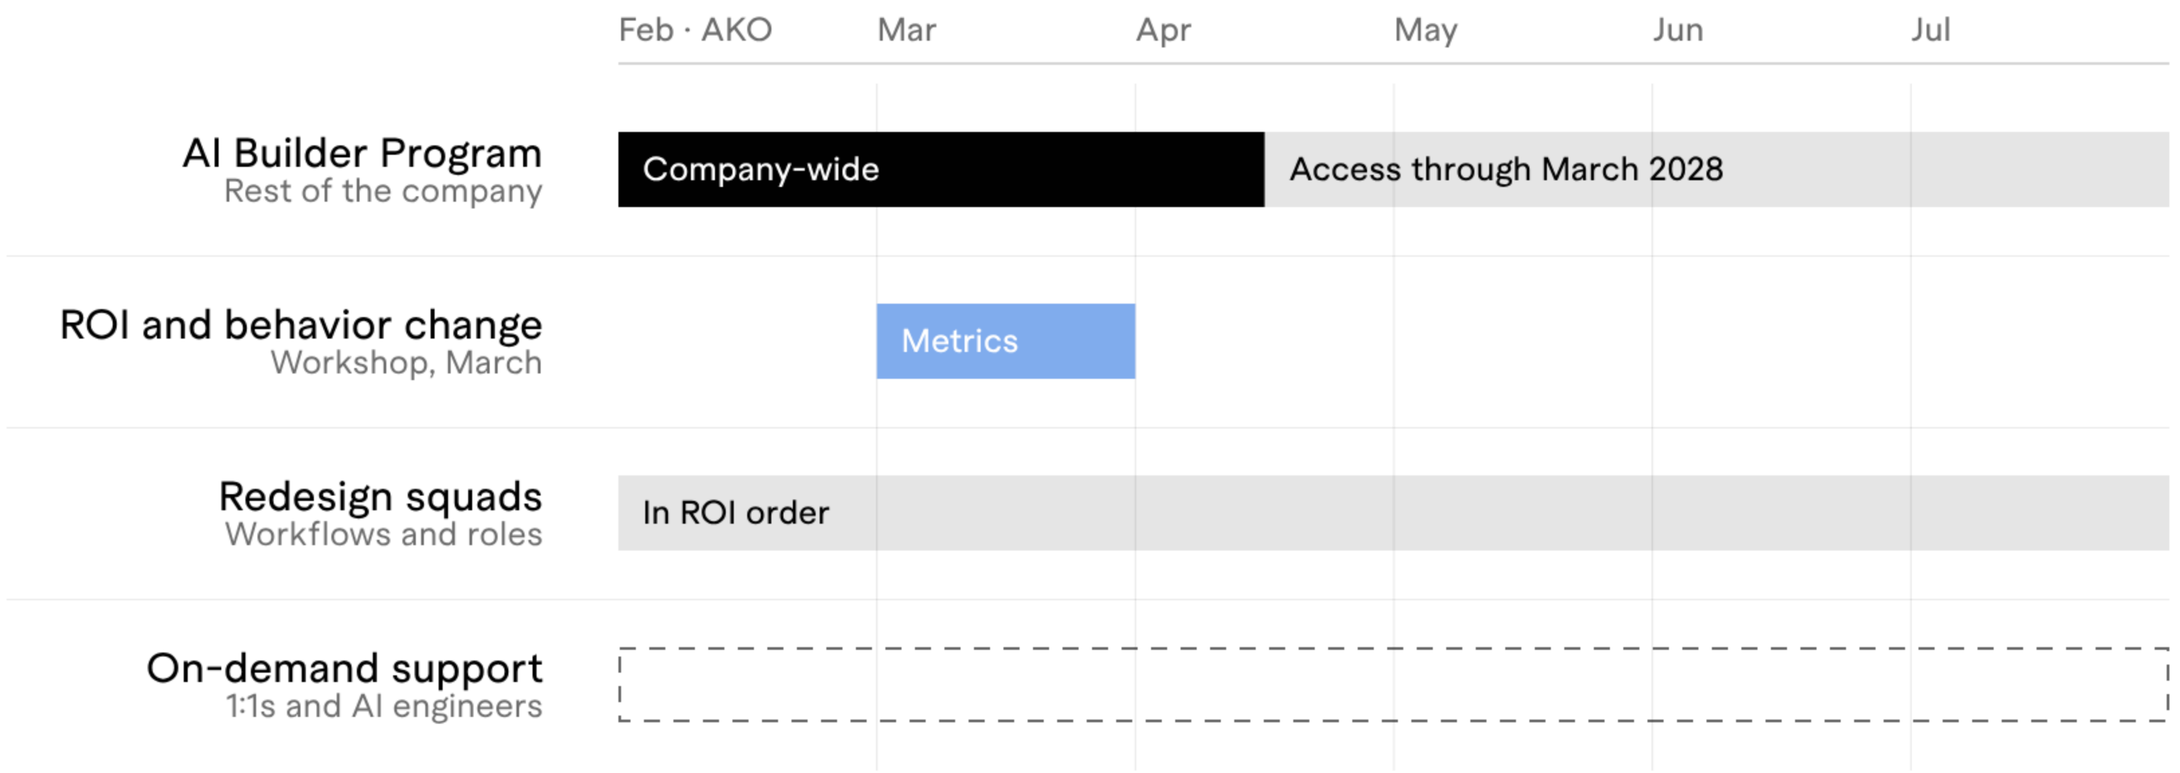

Leland

Start in October, not November.

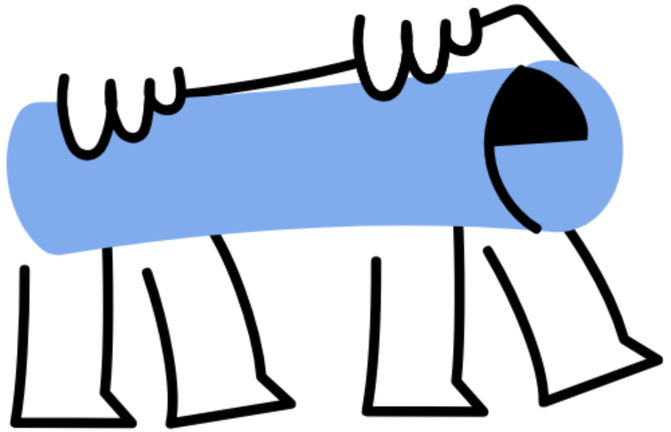

Leland

The roadmap continues: February 2027 onward.

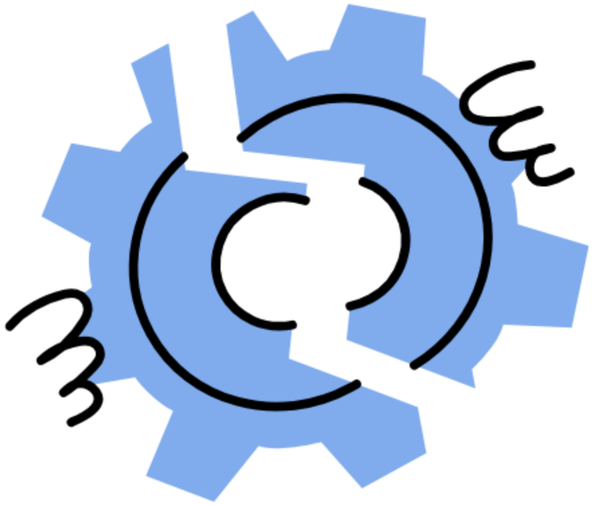

18 months of support for AI Acceleration.

Enablement for every employee

Foundations for ~185, the full program for ~200, 18 months of access.

Dedicated support

An expert per cluster, six months of FY27, a 60-hour bank.

Custom workshops

Reclaim time, lead the change, prove ROI. Analytics included.

Leland

18 months of dedicated support for the AIA.

$250,000

October 1, 2026 through March 31, 2028 · Kickoff October 1

Option 2: a Foundations pilot, credited in full.

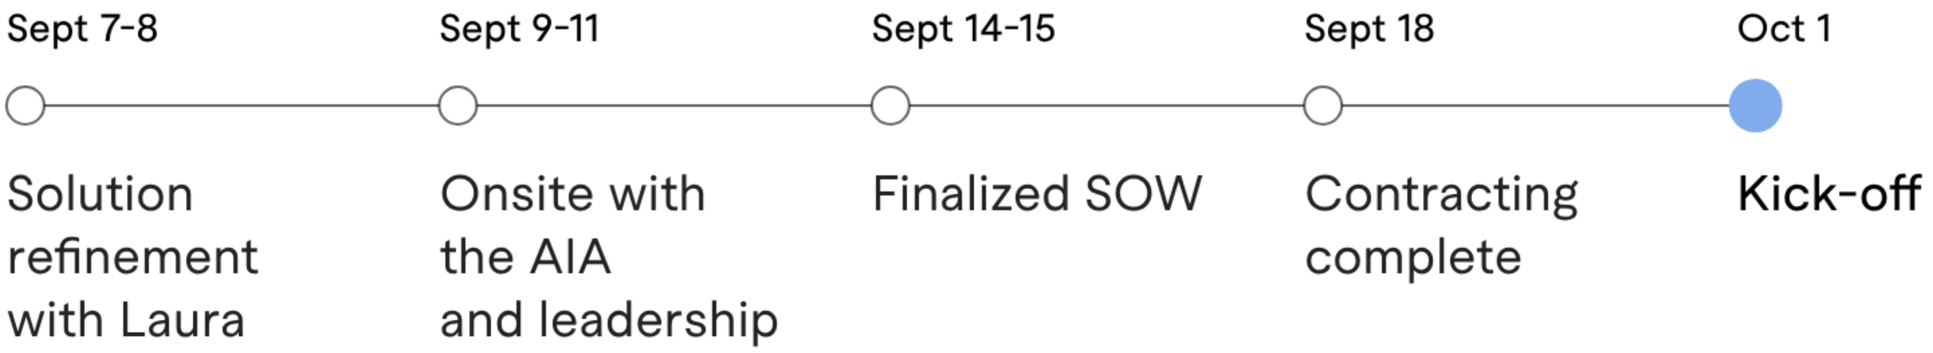

$55,000

Signed by September 30 · Kickoff October 10

- Company-wide AI Foundations for all 185, with your policy content
- Guardrails designed with a five-person group before launch
- Board-ready reporting; Option 1 priced and dated

Leland

From here to kickoff.

Leland

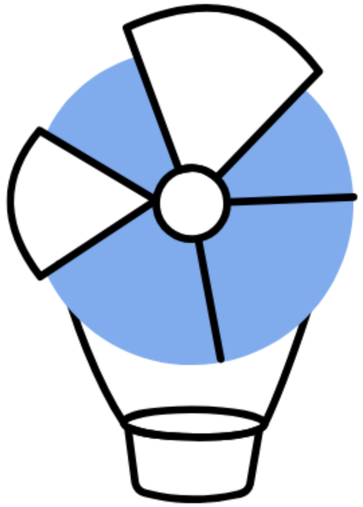

Appendix.

Foundations: everyone, self-paced, about seven hours.

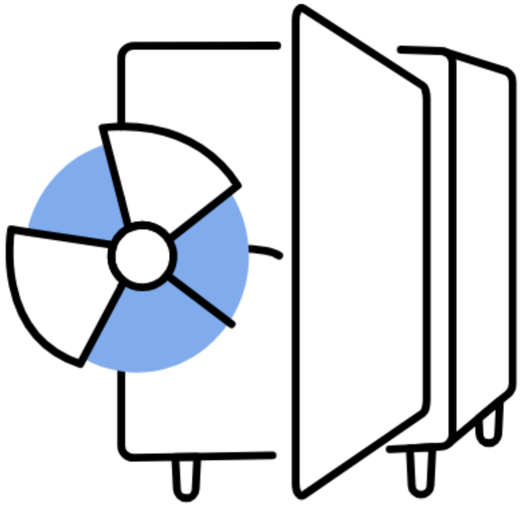

See the potential

Where AI fits their own job, beyond search.

Use it effectively

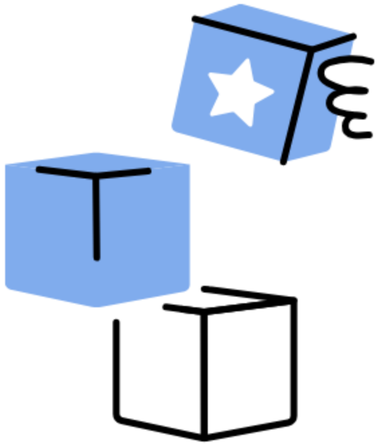

Real context, organized, output worth keeping.

Use it responsibly

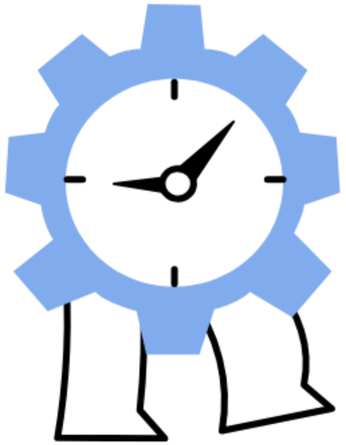

Security, honesty about output, control of cost.

Four live sessions over two weeks, a 15% productivity lift.

Deliver a working product

End to end, with AI.

Automate, analyze, present

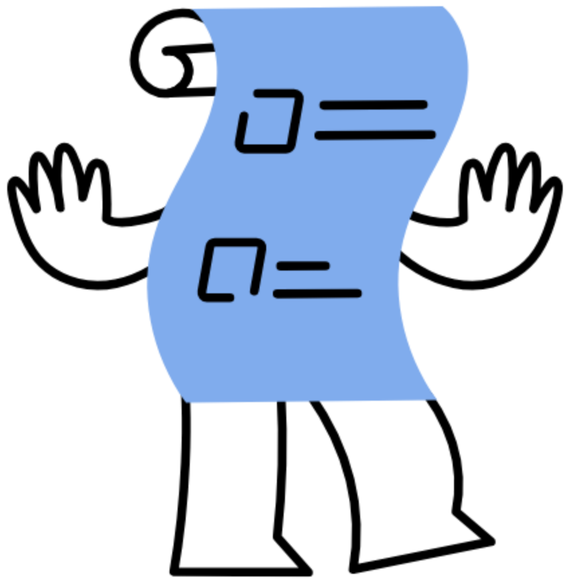

Communication in your voice, data, presentations, role-specific skills.

Demo day and certificates

Access included for the SLT / ELT and every wave.

Custom to SheerID, mitigating risk from day one.

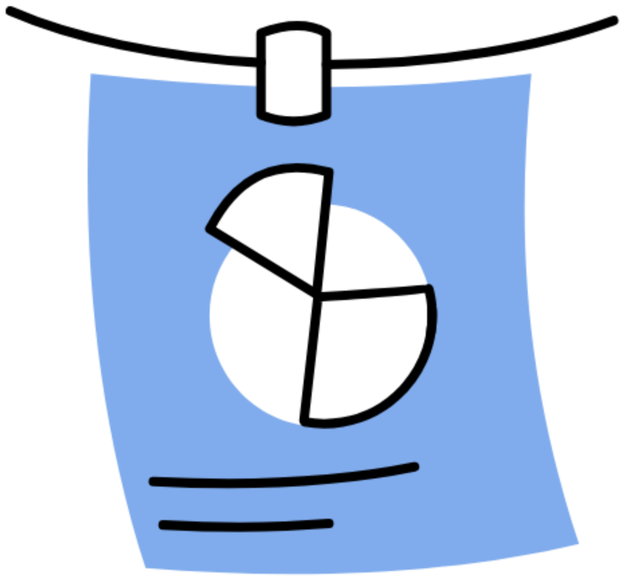

AI policy reinforcement

Your policy and data classification, taught in the same round.

Data-privacy guardrails

A five-person design group goes first.

Board-ready reporting

Baseline and post competency, completion, compliance, adoption.

Leland

Empower every team to be an AI Builder.

How progress gets measured.

Fluency. A survey before and after, person by person.

Engagement. Attendance, views, and completion, reported each cohort.

Impact. Agents built per cohort, then Sprint builds showcased at AKO.
